The Fundraising Effectiveness Project (FEP)

In 2006, the Association of Fundraising Professionals (AFP) and the Center on Nonprofits and Philanthropy at the Urban Institute established the Fundraising Effectiveness Project (FEP) to conduct research on fundraising effectiveness and help nonprofit organizations increase their fundraising results at a faster pace.

Data Providers

The FEP wouldn't be possible without data. These software providers make the collection of data for this analysis possible.

Data Reporting

The Quarterly Report wouldn't be possible without the data processing and analytics provided by these firms. The panel* consists of 4,456 organizations raising \$4,766,892,210 in 2018. Organizations included in the panel* for the quarterly reports have raised \$5,000 or more, with 25 or more donors in each of the last 6 years. *A change from prior quarterly reports, in this report revenue figures have NOT been adjusted for inflation.
